Probably no other nation of comparable population can match the artistic success of Sweden in the film industry. Come sample a rich variety of wonderful films that were produced over the past 25 years—none of which (gasp) was produced by the master himself, Ingmar Bergman. Except for one dubbed film, all of the films have subtitles in English.

Each film is preceded by a short presentation about a particular aspect of Swedish culture (e.g., food, language, geography) as well as a brief introduction to the film itself. At the conclusion of the film, the audience is invited to participate in a short, not-overly-academic discussion of the film.

McKenzie Hall is located at 12th and Kincaid, on the west edge of the university campus. Use the building’s south entrance nearest the UO Bookstore.
